HISTORY, BACKGROUND & EXPERTISE

Founded in 2001, Occupational Safety Consultants has worked with hundreds of clients nationally. With nearly 20 years of experience in health and safety, coupled with extensive hands-on field knowledge, the company, the team and its founder apply a wealth of knowledge to managing and mitigating risk for clients in general industry, construction, transportation and healthcare. For 30 plus years, Ms. Smith worked as a Risk Control Consultant at Travelers Insurance Company. She started her career in safety and health as an administrative assistant in Travelers Loss Prevention & Engineering Division in 1984. In 1987, Ms. Smith was promoted to a Loss Prevention Technician serving and training small business such as apartment complexes, hotels, restaurants and retail businesses. By 1995, Ms. Smith was promoted from technician to consultant working mostly with colleges, universities, schools, municipalities, and contractors. In 1997, Ms. Smith started working exclusively with construction clients and by 2002 had earned Construction Risk Control Specialist status. In this role, she has logged several thousand hours of training in a variety of topics both in the field and in the classroom. Ms. Smith was also a Regional Specialist for Post Injury Management and Ergonomics providing technical support and assistance to large construction clients and other Risk Control Consultants throughout the Northeast.
