## HISTORY, BACKGROUND & EXPERTISE

Founded in 2001, Occupational Safety Consultants has worked with hundreds of clients nationally. With more than 15 years of experience in health and safety, coupled with extensive hands-on field knowledge, the company, the team and its founder apply a wealth of knowledge to managing and mitigating risk for clients in general industry, construction, transportation and healthcare. Ms. Zampella joined Occupational Safety Consultants in the spring of 2010 and brings progressive experience in a broad range of environmental, health and safety applications in diverse settings, such as schools, colleges/universities, residential complexes, & chemical and manufacturing facilities. Sue has more than 17 years of experience in health and safety, working as a plant safety engineer, industrial hygienist, environmental manager and risk management consultant. During her career, she has worked with companies to achieve ISNetworld certification, develop ISO 14001 Environmental Management Systems and assisted others in helping them achieve OSHA's VPP Star status. She has knowledge and expertise in managing and mitigating risk in general industry, construction, municipalities and schools. Sue has provided hazard-specific training to a variety of clients and has taught as an adjunct professor in Rochester Institute of Technology's College of Applied Science & Technology, Environmental Management and Safety program. Since 2009, she has taught for the Region II OSHA Education Center, teaching Industrial Hygiene, Respiratory Protection, Ergonomics, Bloodborne Pathogens and Exposure Control, Health Hazards Awareness, Confined Space Standards, Trainer Course in Construction Noise, Introduction to Safety and Health Management, Recordkeeping and OSHA 10- and 30-Hour Construction Courses.

## INDUSTRIES & MARKETS SERVED

Government Agencies	Industry & Manufacturing	Roofing
